

TOTAL
COMMITTED TO BETTER ENERGY

TOTAL PPC 14642

Our latest masterpiece in thin wall packaging

A MASTERPIECE

Moving beyond the limit

Total is a leader in food packaging thanks to our high quality polypropylene products.

We have acquired extended knowledge on market requirements and product development having large expertise on Ex-reactor grades and high fluidities.

With **PPC 14642**, Total is pushing further the limits providing to the converters with **an outperforming grade combining ultimate processability, high impact and good rigidity.**

Impact copolymer Polypropylene

Grade	MFI (2.16 Kg – 230°C) (g/10min)	Flexural Modulus (MPa)	Izod Notched (at 23°C KJ/m ²)	Specific Features
PPC 14642	125	1500	4.0	antistatic

TOTAL PPC 14642 – the latest generation impact polypropylene for thin wall packaging
